Laboratory organisation system SmartRack®

Better Basics. Material: aluminium anodised, synthetic (polyamide 12). Autoclavable: yes.

Modular organisation system for laboratory accessories and laboratory glassware equipment. The individual modules of the organisation system can be set up in any arrangement and replaced flexibly.

SmartRack®

Width (mm)	Height (mm)	Depth (mm)	Art. No.	Pack Qty.	€
635	615	265	1PHE.1	1 unit	751,45

- Significant space savings thanks to improved use of height
- Creates a neater working environment with more free space
- Increases safety when working thanks to tilt protection

Stable and robust frame made of anodised aluminium for holding multiple slotted rails in place.

Freely combinable: various modules can be used flexibly.

Delivery incl. frame, height-adjustable feet, 3 slotted rails with side handles, collecting tray.

SmartRack® Mini

Width (mm)	Height (mm)	Depth (mm)	Art. No.	Pack Qty.	€
420	380	265	1PHH.1	1 unit	536,45

Due to the current market situation with which we are all familiar, characterised by an exceptionally unstable pricing situation, the prices listed in the print medium may increase during the promotional period in individual cases. You can find the relevant applicable prices at www.carlroth.com
